

FAMILY ROAD TRIP

You are going on a family overnight road trip & your parents put you in charge of planning & budgeting all the logistics.

Requirements:

- You must find a place to stay overnight – include name, address, telephone number & nightly rate
- Determine the roundtrip mileage you will be traveling
- Your parents gave you \$50 for food – You must budget for three meals each day (6 total meals) – include restaurant name, what you will be eating & price
- You must buy at least three souvenirs – identify them & their cost
- Entertainment – what will you be doing?
 - This doesn't have to cost money (going to the beach, going on a bike ride, going hiking) but you must include needed items
- Photo evidence – Include 3 – 5 screenshots which document your research & findings

Helpful Hint – You might set your spreadsheet up as follows:
